

## President To Cast 1st Vote Here Tuesday

President Eisenhower will come to Gettysburg Tuesday to vote in the Pennsylvania presidential preference primary which matches him against Democrat Adlai Stevenson in a popularity contest.

Announcing this today, the White House said it was uncertain whether the President would be accompanied by Mrs. Eisenhower.

They have a farm home here and now are legal residents of Pennsylvania.

Eisenhower also will vote for two Adams County delegates and two alternates to the Republican National Convention to be held in San Francisco in August.

### Vote In Cumberland Twp.

Mr. Eisenhower will be the first President of the United States to cast a ballot in Adams County. He will vote in the Cumberland Township precinct, the voting place for which is located on county property near the jail, just across the borough boundary on the Biglerville road.

James C. Hagerty, White House press secretary, said he will not know until later in the day what time the President will vote tomorrow. He probably will fly to Gettysburg if the weather is good. Otherwise he will travel by automobile.

Hagerty said Eisenhower probably will return to Washington immediately after voting.

This will be the first time he has cast a ballot in Pennsylvania.

## URGE LARGE GOP PRIMARY VOTE FOR PRESIDENT

An appeal to all registered Republicans to vote in Tuesday's primary election was made today by Henry M. Scharf and Atty. Donald M. Swope, co-chairmen of the Adams County Citizens' for Eisenhower.

The participation of all county Republicans in the primary election is urged as a tribute to President Eisenhower on the occasion when he casts his first ballot as a citizen of Adams County.

"We call on all Republicans to exercise their franchise and perform their duty of citizenship at the primary election and thus pay tribute to the President of the United States by following his example in coming to the polls in Adams County election district to participate in the selection of the candidates of the party for the offices to be filled in the general election next fall."

### U. S. Eyes Vote Here

The co-chairmen of the county organization of the Citizens for Eisenhower point out that "the eyes of the country are on Adams County Republicans to note their response to the responsibility of citizenship in this primary election."

"The primary election and the general election in the fall will go into the records of Adams County as historic elections in which all Republicans should unflinchingly participate. We are confident that the Republican ballots cast on Tuesday will come very close to equaling the Republican registration of 10-383."

### Voting Precinct Is On N. Stratton St.

Voters in First Ward, First Precinct, will cast their primary ballots at the Keystone Radio Service building, North Stratton St., and not at the Hotel Gettysburg annex, now the hotel's press room.

The voting place for that precinct had been located in the Hotel Gettysburg annex for many years but last November was moved to the North Stratton St. location because the room was being used as a press room and offices for White House Press Secretary James C. Hagerty during the convalescence of President Eisenhower.

The voting place was not returned to the hotel for the primary because voters in that precinct had not petitioned the election board for its transfer from North Stratton St.

Classes will be held at the Battletield pool, Crouse's pool at Littlestown, Laurel Lake and possibly the Gettysburg Country Club pool. Mrs. Hill emphasized the importance of registering by the deadline. "No one can be accepted after that date," Mrs. Hill said. ### Dulles Urges NATO Be More Than Just A Military Pact

NEW YORK (AP)—Secretary of State Dulles appealed today for positive unity in the free world in the face of Soviet soft talk, and called for development of the North Atlantic Treaty alliance into something more than a military pact.

"The time has come to advance NATO from its initial phase into the totality of its meaning," Dulles said in a speech prepared for The Associated Press annual luncheon.

"WAS THIS HEAVEN?"

I stood upon the emerald land . . . observing things 'neath God's command . . . but beyond horizons I could see . . . the things that mattered most to me . . . and as I watched the clouds roll by . . . my dreams began to magnify . . . before my eyes were peace and love . . . so plentiful in realms above . . . I saw a smile, I heard a song . . . in distant places free of wrong . . . I viewed a pasture greener still . . . and in my heart I felt a thrill . . . friendship and brotherhood were there . . . in that far place beyond . . . no trace of greed or hate I found . . . just happy faces all around . . . how wonderful was all of this . . . like some enchanting tender kiss . . . then all too soon the spell was broken . . . leaving me regrets, sad token.

**Dr. Hoover Speaks**  
"Serve Christ Daily" was the rally. The Rev. Dr. Harvey D. Hoover, professor emeritus of practical theology at the Lutheran Seminary, Gettysburg, was the guest speaker and emphasized the evening's theme. Dr. Hoover was introduced by the Rev. David S. Kammerer, pastor of St. Paul's Lutheran Church.

Mervin K. Myers presided at the service on Sunday evening and Chester S. Byers was leader for the group singing. The Rev. Mr. Kammerer read the Scripture lesson. The Rev. Oscar E. Freeman, pastor of Grace Lutheran Church, offered the prayer. The choir of the host church sang the anthem and the host pastor, the Rev. William A. Ellsworth Jr. was in charge of the offering. Accordion solo selections were played by George D. Koons, of Littlestown. Samuel J. Snyder, retiring president, conducted the business. The attendance banner was awarded to St. James' Church School for having the largest number present at the rally.

## Family Of Seven Perish In Blaze

ROME, N.Y. (AP)—A fire that flashed through a two-story frame home in this Mohawk Valley city last night snuffed out the lives of a family of seven, including five children.

The victims were Alex Skibitski, 47, his wife Angela, about 41; and their children, Barbara, 10; Peter, 8; Suzanne, 7; David, 5; and Mary Ann, about 3.

All apparently were asleep when the fire broke out.

The father's body, in a kneeling position, was found on a sofa in the living room. The rest of the family, all in nightclothes, were found upstairs, the mother holding her youngest child.

The mother was rushed to a hospital but was pronounced dead on arrival.

Firemen said the blaze apparently started in the kitchen on the first floor of the home in the city's northwest section. The cause was not determined.

**OUSTED NEGRO  
WEDS ON SUNDAY**  
DALLAS, Tex. (AP)—A shy, nervous, white woman married her white suitor in a ceremony that was a study in the history of race relations. The bride, a white woman, was the first of her race to marry a Negro in the city since the 1940s. The ceremony was held at the home of the bride's parents, and was attended by a large number of guests. The bride and groom were both white, and the ceremony was a surprise to many of the guests.

The big auditorium of the St. John Baptist Church was jammed with Negroes and a few whites who craned their necks for a view of the ceremony.

The 26-year-old Birmingham, Ala., secretary who was the first Negro to enter the University of Alabama then was expelled after a series of race riots, quietly said "I do" amid the glare of television floodlights and flash bulbs.

The Tyler, Tex., student minister's "I do" was loud and clear. Microphones hidden in the bower of white carnations over the couple picked up the proceedings for TV and radio reproduction later.

After a seven-minute ceremony the groom and bride kissed. A ripple of applause ran through the crowd in the high-ceilinged church. Photographers asked for another kiss but the bride refused and the crowd laughed politely. After a brief reception at the home of the Rev. E. C. Estell, church pastor, the couple left on an automobile trip in east Texas for a honeymoon.

## ONE HUNDRED YEARS AGO

Gettysburg: A fatal accident occurred on Monday last, at Mount St. Mary's College, near Emmittsburg. Mr. Deary, of Philadelphia, the architect of the new building in progress of erection at the college, fell from the scaffolding, and was so much injured that he died on the following day. His remains were taken to Philadelphia on Wednesday.

Peace has at last been proclaimed in Europe — a happy event to all those who sickened with the horrors of war!

The bill changing the charter of the Hanover Branch Railroad Company, so as to allow a vote for each share of stock, has become a law, without the signature of the Governor — he not having returned it with his approval or disapproval, within the time fixed by the Constitution.

Accident: On Thursday afternoon, Mr. Valentine Fritz, from near Cashtown, met with a serious accident in this place. He had delivered some potatoes at the store of Fahnestock Brothers, and was adjusting some of the gears on the horse, when the latter started off at full speed with the wagon. Mr. Fritz was thrown down, and the wagon passed over his body, breaking one of his ribs, and otherwise bruising his body. He was carried into Messrs. Fahnestock's residence, until evening, when he was taken home, suffering a good deal from his injuries. The horse by some means became detached from the wagon, without doing much injury to it, and was subsequently caught and brought back.

He Accepts: Hon. Julius C. Burrows, of Kalamazoo, Michigan, has accepted the invitation to deliver the address in Gettysburg on Decoration day. He has a national reputation as an eloquent speaker.  
The probable failure of the Peach crop in this section will materially affect the canning business. H. C. Peters, of York Springs, is preparing to do a large business in peas, having recently received 12 bushels for planting.

Dissatisfied: N. F. T., residing at Hopkinton, Ill., concluded recently to economize by stopping his paper. A few months later satisfied him that it is best to economize in some other direction. He writes: "Since I quit taking the Star and Sentinel I have been dissatisfied. Please send it to me again — can't do without it."

East Berlin Items: On Saturday morning, the 9th inst., one wall of the house belonging to Michael Wiley, about one and a half miles from this place, gave way, endangering the inmates. It was caused by the digging of a cellar close to the house. With the assistance of neighbors the wall was stayed and

## Today's Talk

## TROUBLES

I have never yet come across anyone who did not have troubles at some time or other. They seem to have been the inheritance of us all. But it is the way we handle our troubles that sets us apart, or that gives to character its everlasting rich substance.

Our joys are easily celebrated with anyone, but no one wants to know or share our troubles! Ella Wheeler Wilcox once wrote a famous poem, one line of which was "Laugh and the world laughs with you, weep and you weep alone." Here is a little poem I clipped many years ago, author unknown:

"Good Lord sends me troubles,  
And I got to wuk 'em out.  
But I look aroun' an' see  
There's trouble all about.  
An' when I see my troubles,  
I jes' look up and grin  
To think ob all de troubles  
Dat I ain't in!"

The troubles that we "ain't in" are the ones that should give us the happy tone of congratulation. As for the others, let us solve them alone and with courage and patience. No one else wants them. Even as a nation we blunder through the troubles of other nations, and with little sympathy or understanding.

Lawyers are the only ones who welcome people with troubles — but they get paid! A higher service that they render, however, is that of directing people away from troubles in the first place! They are best cared for in the lawyer's office — and not in court!

When I imagine that I have troubles I look about me and soon discover others who have troubles ten times greater than my own! And why should we "borrow" troubles? Isn't it enough to take care of the troubles which we may already have?

Tomorrow Mr. Adams will talk on the subject: "To Survive, To Seek, To Find"

## THE MORTGAGE

(Never burn the official mortgage after it has been paid.)

—Lawyer's advice to all churches!

If you want a mortgage burning when the final sum is paid Of some old and worthless paper let the pretty fire be made; Sing your songs of glad rejoicing; let committee men report. But you'd better keep the mortgage to display as proof in court.

Have your dinner celebration and your list of speakers smart. But you'd better cheat a little with the fire you're going to start.

Say: "Here goes the old-time mortgage we have worked for years to pay." But keep that legal paper because need it soon you may.

You may call it mortgage burning, but the members round about Will never know the difference when the little fire you'll get. So, burn some useless paper and a pretty blaze you'll get. But keep that ancient mortgage just to prove you're out of debt.

TEST BETWEEN  
IKE, ADLAI TO  
HIGHLIGHT VOTE  
TUESDAY IN PA.

PHILADELPHIA (AP)—The focal point of interest in tomorrow's Pennsylvania primary election will be a test of the relative strength of President Eisenhower and Adlai Stevenson.

Eisenhower is, in effect, unopposed on the GOP side of the ballot. Sen. William F. Knowland of California also is listed, but only because he was unable to withdraw his name in time when Eisenhower announced his candidacy.

Stevenson's name will stand alone on the Democratic ballot. His principal opponent for the nomination, Sen. Estes Kefauver of Tennessee, did not seek to have his name entered formally here and made no serious bid for write-in votes.

Prior Basis  
Statistically, this is the prior basis for comparison of the Eisenhower and Stevenson vote tomorrow:  
In the 1952 general election, Eisenhower polled 2,415,789 to 2,146,269 for Stevenson. The state administration then was Republican.

This year there is a Democratic governor for the first time since 1934.

In the 1952 primary, Eisenhower polled 873,785 votes to 96,160 for Sen. Kefauver, whose name was on the ballot, Stevenson received 3,678 write-in votes.

In 1952, there was a battle for the GOP nomination with Eisenhower's strongest opposition coming from Harold E. Stassen and Sen. Robert A. Taft of Ohio. Such a contest tends to increase the vote.

## GOP Edge On Paper

This year, there is a similar fight, but between Democratic hopefuls Stevenson and Kefauver. On paper, the GOP has a 455,000 edge with 2,683,410 registered to 2,238,659 for the Democrats. In 1952, the Republican edge totaled almost a million.

Voters cannot cross party lines in the primary.

An absence of any real statewide contests may cut down the vote.

## Democrats Not Solid

The state's 70-man GOP delegation is almost solid for Eisenhower. An Associated Press preprimary poll showed only one delegate—not ready to declare his stand.

The Democrats will send 148 delegates to their convention, each with half a vote. Of the 92 delegates certain of election, the AP poll showed 50 declared for Stevenson, 29 with no choice, 4 for Kefauver, 2 for Gov. Averell Harriman of New York and one each for Sen. Stuart Symington of Missouri and Rep. Francis Walter of Pennsylvania. Five delegates could not be reached.

## Duff To Win

The President made no preprimary appearances in Pennsylvania. Neither did Kefauver, but Stevenson made a two-day run through Pennsylvania last week, stopping at Pittsburgh, Harrisburg and Philadelphia.

In addition to the presidential popularity balloting, Republican and Democratic voters will pick nominees for U.S. senator, 30 U.S. Congress seats, state auditor general, state treasurer, justice of the state Supreme Court, judge of the Superior Court, 25—or half of—50 State Senate seats and 210 State House seats.

Incumbent U.S. Sen. James H. Duff is expected to win handily although opposed for the GOP nomination by Paul E. Sanger, Lebanon auctioneer, a ndformer Philadelphia's former Mayor Joseph S. Clark Jr., is unopposed for the Democratic nomination.

## Yacht and Rowboat Are Reported Stolen

CONOWINGO, Md. (AP) — Stolen: one yacht, value about \$12,000. And one rowboat, too.

State Police said the rowboat was stolen Saturday night from a boatyard 10 miles up Northeast River, and apparently was used by the thieves to get to the yacht, moored down river. The 42-foot yacht, owned by Richard K. Barnes of Charlestown, Md., was reported last seen off Turkey Point on Chesapeake Bay—towing a rowboat.

## BILLY MAXWELL PICKS UP \$2,400 AT HOT SPRINGS

HOT SPRINGS, Ark. (AP) — Billy Maxwell, who was a boy wonder as an amateur, played like an old pro yesterday in winning the \$15,000 Hot Springs Open Golf Tournament—his biggest triumph so far.

Maxwell, 26, has been a "promising youngster" for several years on the pro circuit. He "arrived" yesterday when he birdied the final hole for a 72-hole total of 272 and a one-stroke victory over Ernie Vossler, Fort Worth, Tex., and George Bayer, Cincinnati.

Maxwell, from dessa, Tex., opened with an 8-under-par 64 to take the lead. He held or shared it all the way, following up with scores of 69, 70 and 69 over the par 36-36-72 layout.

Yesterday he started only a stroke ahead of Bo Wininger, Oklahoma City, the defending champion, and Bayer, who also remained remarkably steady with three straight 68s and a 69.

Maxwell needed a birdie to win on the 510-yard 18th after Bayer and Vossler had eagled that hole. He calmly drove his 180-yard second shot to within 15 feet of the hole and he was all smiles when he walked onto the green.

He putted to within about a foot of the hole and tapped it in to take the \$2,400 check.

Vossler missed a one-foot putt on No. 17 that would have given him a tie for the top. His 66 still was the best round of the day.

Wininger, troubled by a crick in his neck, shot a 70 and finished fourth at 274. Cary Middlecoff, Dallas, Tex., finished in a tie for fifth with home town pro Pete Fleming at 277.

**2 MORE COUNTIES ARE NOW FREE OF BRUCELLOSIS**

HARRISBURG (AP) — The State Agriculture Department today added Cambria and Centre counties to the list of certified brucellosis-free counties in the state.

Secretary of Agriculture William L. Henning said the state's long campaign to wipe out Bang's disease in cattle has now produced 36 counties declared free of the disease.

Area testing has been completed, Henning said, in 12 additional counties and 17 others have been partially tested. Only two counties—Philadelphia and Delaware—have made no arrangements for area testing, he added.

In Cambria County, initial tests showed 2.5 per cent of herds and 1.7 per cent of cattle infected with the disease. But latest tests showed only 14-100 of 1 per cent of the 1,523 herds and 19-100 of 1 per cent of the 12,818 cattle afflicted with the disease, Henning reported.

In Centre County, first tests showed 17.3 per cent of herds and 4.4 per cent of cattle infected. Final tests, he added, showed 1.1 per cent of 1,343 herds and 11-1000 of 1 per cent of the 21,796 cattle infected.

For certification, tests must show less than 5 per cent of herds and less than 1 per cent of the number of cattle infected under state and federal regulations.

## KID GAVILAN, ISAAC LOGART FIGHT THIS WEEK

By MURRAY ROSE

The Associated Press

Cuba's "Kids" from Camaguey, fighting, 30-year-old, ex-welterweight champion Kid Gavilan, and Isaac (Kid) Logart, 23-year-old, up-and-coming welterweight contender, are involved in important bouts this week.

Gavilan gets a return crack at undefeated young Peter Waterman of England in a 10-round in London's Earls Court Arena Tuesday night. Waterman was awarded a highly unpopular decision over the veteran Cuban in London, Feb. 7.

Almost everyone but the referee, 71-year-old Ben Green, thought the "Keed" had earned the victory.

Logart, now ranked as the No. 3 contender behind two other champions, Carmen Basilio and Tony DeMarco, faces jolting Joe Miceli, 27-year-old, hard-hitting New Yorker, in a radio-television (NBC-TV, radio, 10 p.m., EST) 10-round at the War Memorial Auditorium, Syracuse, N.Y., Friday night.

Miceli, ranked ninth, will match his powerful left uppercut and hook against the fast hook and combination punches of the speedy Cuban. Miceli's record is 48-2-7 with 23 knockouts. Logart's record is 43-65 with 18 kayos.

**Tonight's Battle**  
Free - swinging welterweights also are featured on tonight's television 10-rounder (Dumont-TV, 10 p.m., EST) at New York's St. Nicholas Arena. Gene Polier, Niagara Falls, N.Y., (15-3-3) and Tex Gonzales, East Orange, N.J., (20-5-1), are the opponents. This should be a lively slugfest as far as it goes.

**On Wednesday Card**  
Milo Savage, second-ranking middleweight contender from Salt Lake City, and Charley Joseph, 23-year-old, ninth - ranked 160-pounder from New Orleans, clash in the radio-TV (ABC-TV, radio, 10 p.m., EST) feature Wednesday night at New Orleans' Municipal Auditorium. Savage has a mediocre 38-31-8 record but he has a terrific right. He has 19 kayos to his credit. Joseph has a 31-1 record with 14 knockouts. His only loss was to George Benton.

**Gettysburg College's four-game winning streak came to an end Saturday afternoon at Philadelphia where Temple scored two runs in the bottom of the 10th inning to take an 8-7 verdict.**

The loss was particularly bitter for the Bullets as a high infield fly was lost in the sun which permitted Sid Fleishman to scamper home with the winning run.

Just a few minutes earlier the Bullets had broken a 6-6 tie in the top of the 10th when Jack Bream, raced across on Scolia's bunt.

After Temple took a 3-1 lead in the last of the third inning, the Bullets took over with a trio of runs in the top of the sixth inning. Ken Polak and Fred Allea singled. Polak scoring on Bob Swenk's fly to left which was dropped by Fleishman. Al Teti followed with a single to score Allea and Swenk.

**Take 6-3 Edge**  
The Bullets made it 6-3 with two more runs in the eighth. Allea walked and stole second base. Teti was saved on an error and Allea tallied on Affatato's throwing error. Joe Bierly singled to score Teti.

An error, doubled by Granozio and single by Bergdoll was good for two Owl runs in the 8th.

Joe Fowler, who relieved starter Joe Bierly in the ninth, walked in the tying run for the Owls in the last of the inning after a pair of errors and another walk.

Temple pulled the game from the fire in the tenth. Bergdoll walked and Fleishman was safe on Bream's error. Norton fanned. Miller grounded to Hendley whose throw was too late to get Fleishman at second. Fleishman's slide knocked down Teti and Bergdoll scored with the tying run. Fleishman then scored on the high infield pop fly with the winning run.

The Bullets, now 4-3, meet Johns Hopkins here Thursday afternoon at 3 o'clock.

## Buck Baker Sets New Grand National Mark

LANGHORNE, Pa. (AP) — Buck Baker, of Charlotte, N.C., holds a new record today for the 150-mile distance in Grand National stock car competition.

Baker gunned his Chrysler into the lead from his pole position at the start of yesterday's feature at Langhorne Speedway and held that spot in traveling the course in 1 hour, 56 minutes and 32 seconds, eclipsing the record set by second-place finisher Herb Thomas of Sanford, N.C., two years ago.

Thomas' old NASCAR mark was 2 hours and 22.19 seconds.

In third place in the 41-car field was Tim Flock, Atlanta, Ga., defending national champion.

Fr. Lyons announced Smith had previously been awarded his certificate this year.

Ward, who was introduced by Lou Foye, a former Delone student and an alumnus of the University of Maryland, stressed the values of athletic competition to a participant. He said the individual learns to cooperate with fellow men and to adjust himself quickly to various situations. Pointing out that competition is the American way of life, Ward added that athletics helps prepare for future life in teaching one to come back after defeat.

Ward concluded his talk with an observation on the football future of the Terrapins.

Roy Lester, assistant basketball and football coach at Maryland was introduced and spoke briefly.

Following the roast beef dinner, pictures were shown of the Maryland-George Washington basketball game.

## ROBIN ROBERTS GETS HIS SECOND WIN OF SEASON

By JACK HAND

The Associated Press

Robin Roberts to win 20 games is as close to a sure thing as you get in baseball.

The Philadelphia Phillies ace has a head start toward a seventh straight year in the select circle. But he insists he never set a goal, just doing his best for the club.

He doesn't put too much stock in low-batters either. With him a "winning game" in which he gives nine hits is a better job than a lost one-hitter.

**Homer Helped**  
His first two starts this season illustrate. He barely staggered through against Brooklyn opening day, yet he won it. Yesterday at Philadelphia, he needed a tight effort to beat Johnny Antonelli's three-hitter. He gave the New York Giants five hits but Antonelli threw one bad pitch—a three-run homer by Ted Kazanski—and the Phils won 3-1.

The Giants climbed on Curt Simmons, making his first start, and batted out a 9-7 edge in the second game. Willie Mays hit a three-run homer off reliever Bob Miller in the ninth.

Don Newcombe got on the beam with a three-hitter as Brooklyn downed Pittsburgh 4-1 in a game called by rain in the seventh.

**Braves Hold Lead**  
Milwaukee remained in the National League lead by slugging St. Louis 13-5 in the second game after St. Louis took the first 10-4 on an eight-run sixth-inning.

Homers by Ernie Banks, Monte Irvin and Solly Drake gave the Chicago Cubs a 5-4 decision over Cincinnati. Their second game was called by darkness, a 1-1 tie after seven innings.

The New York Yankees cooled off the Boston Red Sox, taking three in a row at Yankee Stadium to tighten their grip on the American League lead. Five Red Sox errors and homes by Don Larsen, Yogi Berra and Joe Collins added up to a 13-6 Yankee victory.

**Shutout For Billy**  
Billy Pierce of Chicago shut out Kansas City with three hits 3-0 in a quick turnaround by the White Sox, who were slugged 15-1 by the A's Saturday.

Two homers by Detroit's Al Kaline helped account for a first-game victory over Cleveland 6-4, but Bob Lemon won the route for the first time since last May 30 to give the Tribe an even break with a 5-2 verdict in the nightcap.

Rookie Fred Besana topped Washington in Baltimore's 7-3 opening victory, but Camilo Pascual earned a split for Washington with a 4-1 four-hitter in the second.

**Ex-Soldiers Given Enlistment Lure**  
Former service men who have been out of the Army from one to two years, are now offered the opportunity to re-enlist in grades, one to two ranks lower than grade held at time of discharge, according to Sfc. Lewis W. Hess, NCO in charge of the U. S. Army Recruiting Station, Post Office building, Chambersburg.

Sergeant Hess said that men who held ranks of master sergeant, sergeant first class, sergeant or corporal, and have been out of the Army over three months but not more than 12 months may re-enlist in one grade lower than the grade held at time of discharge; those separated for over 12 months to 24 months may re-enlist in two grades lower, and those who have been out of the service for three months or less may re-enlist in grade held at the time of discharge.

**FATHER'S PUNCH COULDN'T STOP RING BATTLER**

By DAVE O'HARA

BOSTON (AP) — A rugged young boxer with a fierce will to win the world's lightweight championship had to prove the hard way he was interested in fighting — by taking his Dad's Sunday punch.

Curly-haired Larry Boardman, 20, and his father, Sam Boardman, a former boxer, laugh as they recall the incident of five years ago.

"When he told me he wanted some real fights — not just in the gym — I hauled off and nailed him good," Sam says. "It was heartbreaking but I had to find out if Larry had the stuff."

**Undiscouraged**  
The elder Boardman received his answer quickly. Larry shook off the heavy blow, looked at his father and said: "You can do that all day, but you won't change my mind about wanting to fight."

The youngster's determination and fine physical condition won him cheers when, as a substitute for Tony De Marco, Boardman came off the floor to upset lightweight king Wallace (Bud) Smith in a 10-round nontitle bout at the Boston Garden. The victory was his 31st in 33 pro starts.

Boardman was only 15 when he received his father's blessing to start boxing. The elder Boardman agreed to manage the boy and obtained Larry's promise "to quit if I show I don't have the makings."

**Turns Professional**  
After six bouts in which he scored five knockouts, Larry turned to the pro ranks. He was under age to fight professionally in Connecticut, so the elder Boardman, who operates a drive-in restaurant in Marlborough, Conn., turned the establishment over to his wife and took Larry to West Palm Beach, Fla.

Although he still was a few months shy of the legal minimum age to fight in Florida, Larry appeared as a pro on Dec. 12, 1952, winning a four-round preliminary. He quit high school in his sophomore year.

He won 14 straight bouts, five by knockouts, before he lost a disputed decision to Ralph Capone on Jan. 15, 1954. His only other loss was to southpaw Kenny Lane last summer.

The victory over Smith was a big one, but Papa Sam wants a few more fights for his boy before seeking a championship bout.

## PHILLY FANS "WORST," SAYS GIANT FIELDER

PHILADELPHIA (AP) — Philadelphia lost the Athletics last year and the city's fans don't deserve to have the Philadelphia Phillies either, according to New York Giants outfielder Whitely Lockman.

Lockman, the object of a beer can and bottle barrage in the ninth inning of yesterday's second game, said "I wish you'd put this in the paper. The Philadelphia fans are the worst in the world. They don't deserve major league baseball."

The barrage, the third in the past two years by Phil's patrons, broke out as the Phils were coming to bat for the last time, trailing 9-4. Lockman left the outfield to exchange his regular cap for a solid protective helmet.

**"That's Too Much"**  
The reason for the outbreak was unknown but apparently some of the fans were furious over the Phils' poor showing in the game, which they eventually lost 9-7.

Lockman, the vent for their rage, said, "I wouldn't mind getting hit by a regular bottle. But when they break the tops off and throw them at you, that's too much."

Giant Manager Bill Rigney said he was sending a letter of protest to National League President Warren Giles over the fans' behavior. Phillies officials were apologetic.

# On The U. S. Political Front

By JAMES MARLOW  
Associated Press News Analyst  
WASHINGTON (AP)—Pinball machines can make you hear bells in your head, and whirring sounds. You can get the same effect from politicians. It comes from trying to tell who's right.

Politicians had a lot to say over the weekend. As the weekend started some of the nation's editors—and their guests, government officials—took a vote here Saturday morning.

Does a shooting war look less close? Is this country losing the cold war? The editors and their guests voted yes to both questions. Later in the day President Eisenhower and Adlai Stevenson seemed split on the answers.

**Adlai Makes Speech**  
At lunch, Stevenson, pursuing the Democratic presidential nomination, made a speech, perhaps the most detailed one of his campaign, to the American Society of Newspaper Editors.

We have "drifted and stumbled," he said, and "lost the initiative" in the cold war because of the "sterility" of the Eisenhower administration in foreign affairs.

A few hours later, speaking to the same editors at dinner, Eisenhower said he didn't think any-

one knew who was winning the cold war.

**"Cautious Hope"**  
But as for less likelihood of a shooting war, he seemed optimistic. "We have reasons," he said, "for cautious hope that a new, a fruitful, a peaceful era for mankind can emerge from a haunted decade."

Not so Stevenson. In a nationwide broadcast Sunday night, he expressed doubts a shooting war looked further away but he wouldn't say it looked closer.

In his speech to the editors' Stevenson offered a number of suggestions for improving America's foreign relations. Eisenhower put his emphasis on suggesting things the Russians should do to create more faith in them.

While Eisenhower was addressing the editors in a hotel dining room Saturday night, two well-known Democrats were making speeches at a Democratic fundraising dinner in an armory.

Unlike the fairly mild Eisenhower and the well-controlled Stevenson, these two Democrats—Sen. Aiken Barkley of Kentucky, former vice president, and Speaker of the House Sam Rayburn of Texas—used more traditional methods.

They are of the table thumping, give-'em-hell school of politics. The men in this case were the Republicans.

Barkley said their foreign policy was "massive confusion" while Rayburn said that as a result of it this country is "losing ground

## Some Penn Profs Will Get Increases

PHILADELPHIA (AP)—The University of Pennsylvania announced yesterday that its fully affiliated professors and associate professors whose base salaries are under \$10,000 will receive a 10 per cent increase July 1.

President Gaylord P. Harnwell said that in the case of those whose increase would yield a total of more than \$10,000 the pay hike would be limited to the difference between the current salary and \$10,000.

First quarter earnings after taxes were estimated at \$3,698,000 against \$3,286,000 for the first quarter of 1955.

The period showed a decrease, however, from the last quarter of 1955 when sales totaled \$62,773,000 and earnings \$3,363,000.

Assistant professors, associates and instructors on a full affiliated and salaried basis will receive five per cent increases. The income from a recent Ford Foundation grant will be utilized in paying the increase.

Dr. Harnwell said the increases were necessary in the university hopes to attract and hold the ablest teaching and research personnel.

Model 63D

# Makes Friends with the Meanest Roads

(Have you tried Buick's great new ride?)

THE SWEET WAY a '56 Buick rides on all sorts of roads is something you find nowhere else on wheels.

Capricious roads that twist and turn—unruly roads that rock and roll—tired roads, battered and beaten—they all seem to wear company manners the moment a Buick approaches.

Why? Simply because Buick comes with what it takes to put any road on its best behavior—the completely ride-engineered combination of chassis, engine and automatic drive that is obtainable in no other car.

And that's gospel truth whether you drive a new SPECIAL, CENTURY, SUPER or ROADMASTER.

No other car matches the firm, true tracking of Buick's own ride foundation—buttressed by brawny X-braced frame and torque-tube drive—cushioned on coil springs and deep-oil shock absorbers.

No other has such width of tread and length of wheel-base within dimensions so trim and tidy that Buicks turn, park and garage more easily than smaller cars.

No other duplicates the assurance of steering, brakes and rear axle so precisely geared and gaited for the nimble handling that's a safety "must" in modern cars.

And certainly no other name plate promises the soaring sweep of power that wells from the big 322-cubic-inch V8 beneath every new Buick bonnet.

Nor does any other automatic drive put power to its car's rear wheels with the swift, unruffled pace of Variable Pitch Dynaflo®—and that goes double every time you "switch pitch" for whip-quick, safer passing.

But why stop to count reasons—when results are what you're after?

Wouldn't you rather really feel Buick's new "sense of direction" on straightaway, curves and corners?

Wouldn't you rather relax in supreme comfort while tooling this powerful performer over roads you always hated to travel?

Well, sir, we cordially invite you to drop in on us and do just that.

Make it this week, won't you? Sample the ride that has charms to win any old road—and get first-hand figures on prices that make Buick owning a more positive pleasure.

\*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

## Senate Leader Promises Action On Hospital Bill

HARRISBURG (P) — The long legislative impasse on appropriations for state-aided hospitals is due to end shortly after May 1. Senate Republican Leader Mahany said today action will be taken next week on more than 21 million dollars in House-passed grants overdue for hospitals.

"We're going to get that bill out on the floor as soon as we get back," he told a newsman. "We want the hospitals to get their money."

The Hospital Assn. of Pennsylvania said most of its members are financially hard-pressed because of the delay.

Executive Secretary John Warman said some have gone to the banks for loans to tide them over; others have borrowed from special funds he added:

"Some of them have just stopped paying their bills. They can't do much else."

### Payments Long Overdue

First payments to the hospitals should have been made last August, Warman said. Quarterly payments due in December and March also have become overdue.

The 14-month deadlock on taxes—settled last month by enactment of the 3 per cent sales levy—stalled the appropriations measures.

Mahany said, however, that Senate Republicans wouldn't go along with the appropriation bill as passed by the House.

The Leader administration originally proposed that 24 million dollars be allocated to some 185 pri-

vate institutions that provide free care to poor patients for the two years started last June 1. That compares with the \$16,772,400 spent for the previous two years.

The money has been allocated on the basis of \$7 a day for ward care of charitable patients.

### Asks \$2 Increase

The administration asked that the \$7 formula be jumped to \$9 for patients in accredited hospitals, to \$8 for provisionally accredited institutions and continued at \$7 for non-accredited hospitals.

But the administration's original 24 million dollar figure was cut back to \$21,782,000 under legislation House Democrats later reduced it to \$21,437,000 before sending the measure to the Senate last Jan. 31.

The bill continued at \$7 the daily allocation for charitable patients in non-accredited hospitals and lumped together at \$8 the allocation for both provisionally and fully accredited institutions.

Mahany said Senate Republicans would likely remove this differential and simply increase the present \$7 rate to something like \$8.50 or \$9.

Both the House-passed measure and one introduced in the Senate Feb. 13 for \$21,643,600 are in the Senate Appropriations Committee. The Senate bill calls for a flat \$9 a day allocation.

Mahany said he believed the House-passed measure would be used as the vehicle for Senate amendments.

Meanwhile, operations at the

## NEW PENINSULA BATTLEGROUND LOOMS IN EAST

By WILTON WYNN

CAIRO, Egypt (P)—The Arabian Peninsula "Land of the Tollgate Sultans" looks like the next major battleground in the cold war between the Arabs and the British.

Signing of a new military alliance Saturday by Egypt, Saudi Arabia and the little desert kingdom of Yemen promises trouble in the sandy stretch of land around the rim of the Arabian Peninsula. That strip forms the last stronghold of direct British control in the entire Arab world.

Around this perimeter are numerous sheikhs and sultans who in theory are as sovereign as Queen Elizabeth II but whose "independence" depends almost entirely on treaties of protection with Britain.

Their desert frontiers rarely are

well defined, and the British-backed rulers recently have come increasingly into conflict with their larger neighbors to the north—Saudi Arabia and Yemen. Yemen's conflict with Britain centers mainly around the Aden protectorates—30 "independent" states jammed into the 100-mile-wide of the peninsula's southwest corner between Yemen's southern frontier and the Indian Ocean.

### Live On Caravan Tolls

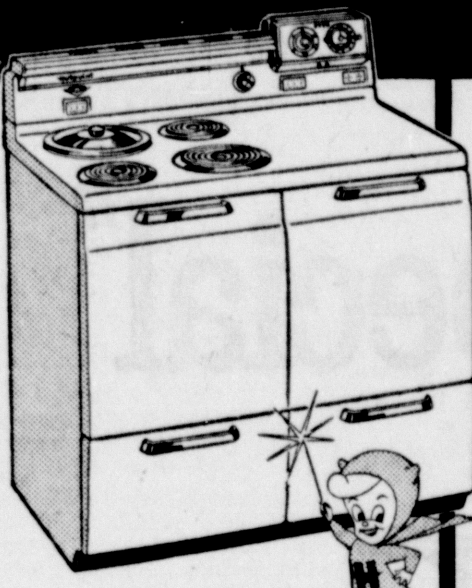

Some of these sultans and sheikhs live on as little as \$10 a month, derived largely from the tolls they charge on camel caravans plodding through their roadless domains. The inevitable tollgate, a dirty mud-hut village and possibly a Beau Geste type fortress with mud walls often constitute the entire populated area of the sultan's domain.

Lonely British agents, many of them the only Europeans in the area, act as the link between the sultans and the British government with only a few locally raised troops for protection.

From his isolated mountain kingdom where time has stood still since the Arabian Nights, Imam (Sultan) Ahmed of Yemen for years has maneuvered to end the British domination of the protectorates, which Yemen claims.

state's 10 general hospitals run by the Welfare Department are unaffected by the impasse. Their finances come from other funds.

## Interesting Facts Garnered In Mail; Weather Bureau Bats .800

By HAL BOYLE  
NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

That contact lenses aren't new. They were worn during the French Revolution — not so much to help vision as to change the color of the eyes, thus helping serve as a disguise.

That 30 per cent of contact lens wearers today are men and — ah, vanity-half of them are in the advertising field.

That is used to take five hours for grandma to cook a major dinner for a family of four, but a mother can now do it in a single hour.

## IKE SETS TESTS OF PEACEFUL RED PURPOSES

By JOHN M. HIGHTOWER  
WASHINGTON (AP) — The Eisenhower administration is developing its own test of the widely advertised peaceful purposes behind Russia's new look foreign policy.

The heart of the challenge as defined by President Eisenhower is that Russia's leaders should wipe out the "wrongs of Stalin" which he said still prevail against other nations. He said those wrongs include the division of Germany and Korea, the European satellite regimes and the uncertainty of peace in Asia.

Eisenhower laid out his ideas on Soviet relations in a speech before the annual dinner of the American Society of Newspaper Editors Saturday night.

**Brain Trust Of Advisers**  
In an off-the-cuff addition to his prepared speech, he listed a series of what he termed "cold war victories." He said he doesn't believe anyone knows who is winning the cold war, but added that those who say the West is winning "can point to some facts rather than

merely allegations."

He proposed creation of a sort of brain trust to advise the government on foreign policy—a "rotating advisory board" of private citizens, he called it.

At the same time he renewed his appeal for a long-range U.S. foreign aid program, an issue now pending before Congress. He said that as a former colonial subject of the British Empire, the United States understands and respects the views of nations more recently free and accepts "the right of each nation to choose its own path to the future."

**Need More Basic Changes**  
The United States must maintain a foreign aid program "so long as freedom is threatened and armaments are not controlled," he said.

"The future alone," he said, "can show whether the Communists really want to move toward a just and stable peace."

He noted that since the death of Stalin the men who run the Soviet Union are operating as a collective group but "dictatorship

## 2 GUNMEN SLAIN IN GUN BATTLE

PARKERSBURG, W. Va. (AP) — Two gunmen were slain and a third was wounded yesterday when a police ambush in a darkened bakery here erupted into a blazing gun battle.

Shot to death were Eddie Taylor, 54, Parkersburg, and Dearman Lott, 44, Palestine, W. Va. Lt. J. Norman Mehl, head of

In foreign affairs, he said, the Bulganin-Khrushchev regime apparently has cut back on "violence and hostility" and relies more on political and economic weapons.

"More basic changes in Soviet policy will have to take place before the free nations can afford to relax their vigilance," he said.

the Parkersburg Detective Bureau, identified the wounded man as Ronnie Roberts, about 21. Found outside the bakery, where he had crawled despite shotgun wounds in the chest, he was reported in satisfactory condition today.

Apparently tipped that a ring of safecrackers planned to move in on the bakery, Mehl set up the predawn ambush with Sgt. W. R. Radon and Detective C. H. Swain.

About 3 a.m. Radon and Swain saw a man enter the building through a window, unlock a door and admit two others.

Mehl, stationed in the upstairs office, said he surprised one of the men coming up the steps. "Hold it!" he called.

The man drew a gun, said Mehl, so he opened fire. With this, Radon and Swain opened up down stairs.

"The downstairs was nothing but gunfire," Mehl said later.

## VOTERS of Adams County

Realizing that I will be unable to call on all the voters before the primary, April 24, 1956, I wish to outline my ideas of what the Representative to the General Assembly should do. This is my pledge to the people of Adams County: I will attend all sessions of the legislature and therein support legislation for the best interests of the people of Pennsylvania in general and Adams County in particular.

I will be guided in voting in the Assembly by consultation with the particular groups affected, such as Farmers and Farm organizations, School Boards and P.T.A. Groups, Ministers and Priests and organizations allied thereto.

In fact I intend to be guided by the best opinions in the County, and not by my personal opinions only.

In this way the people of Adams County will have more voice in the legislation acted upon during my term in office. Above all I would like to see a large complimentary vote in this primary for Pres. Eisenhower to welcome him when he casts his first vote in Adams County.

## AP PROMISES FAST REPORTING HOME, ABROAD

NEW YORK (AP)—Directors of The Associated Press reported today an increasing demand at home and abroad for the "factual, objective and intelligent news reporting" of The AP.

"Your directors are confident the members, staff and management will maintain our reputation for such reporting," the directors said in their annual report.

Referring to the elections at home and tensions and struggles abroad, the directors said, "This is a year for great reporting."

## VISIT THE NATIONAL PARKS

...and learn what makes America great!

Splendid forests...magnificent lakes and towering peaks...visits to excite the eye and historic sites to stir the heart—all these are part of America's great National Parks System—and they belong to you. This year, take your family to see one of the Parks. It's a trip you'll never forget.

The report was read at the annual meeting of The Associated Press, worldwide news cooperative.

Secretary of State John Foster Dulles was to address the annual luncheon in the Waldorf-Astoria Hotel.

Concerning the election, the directors said "the public expects from The Associated Press strict adherence to its principles of impartial and fair reporting, playing no favorites, taking no editorial position."

**Under Constant Scrutiny**  
"The Associated Press news report is under the alert and constant scrutiny of members whose political and economic beliefs cover every point of view, but who are united in demanding straight-down-the-middle coverage from The AP," the report said.

The report said election returns compiled by The AP in cooperation with thousands of employees of member newspaper and radio stations "have come to be accepted as all-but-official, for their accuracy has been demonstrated time and time again."

"The speed of the election report is an AP superiority," the directors said.

The report declared news reporting today must do more than inform the reader of what has occurred in the preceding 12 or 24 hours. It said:

"To meet competition for the public's attention, news presentation must illuminate what has happened, report the trends, periodically step back and take the

"long look" at continuing situations."

**Staff Specialization**  
In this connection, the report said, The AP has "developed and expanded staff specialization in such areas as politics, foreign affairs, ideologies, military affairs, sports, sociology, religion, economics and agriculture."

The directors said that in recent months these specialists "have reported political trends from 'grass roots,' given meaning to the coverage of the segregation story in the South, got first-hand reports on the Middle East crisis from both sides, battled censorship barriers and closely analyzed effects related to the desanctifying of Stalin in Soviet Russia—and told what it's like to fly over the South Pole."

Noting "the quality feature output of The Associated Press, particularly that distributed for Sunday use," the report said:

"The Associated Press is unexcelled producing this type of material for newspapers. It is an expensive and laborious undertaking, but it is profitable and exclusive to the membership."

"The financial status of The Associated Press is strong," the directors said.

"Virtually every element of the organization's costs increased in the past year, in common with everything in the country's economy. On top of this, the association necessarily expanded and broadened its operations to meet increasing demands."

"All this was accomplished

## Prison Warden Resigns Position

HARRISBURG (AP)—Commissioner of Corrections has announced the resignation of Dr. Frederick S. Baldi as warden at Rockview State Penitentiary.

Prasse said over the weekend that Dr. Baldi didn't indicate why he will resign his post at the Bellefonte institution May 15 but "I surmise it's because of ill health." The 60-year-old warden has been ill and recently underwent hospital treatment.

Since Dr. Baldi took over at Bellefonte 2½ years ago, Prasse said they had been "more or less in agreement" that the warden would remain only a short time.

Dr. Baldi became warden following a riot at the prison in 1952. After the short outbreak of violence, the Legislature split the prison from Western State Penitentiary.

Prasse described Dr. Baldi's work as outstanding. The warden resigned his \$10,000 a year job as head of Philadelphia county prisons to accept the Rockview post, a switch which cost him \$1,300 a year in salary.

## Chambersburg Bank President Found Dead

SHIPPENSBURG, Pa. (AP)—George H. Stewart, 68, president of the Valley National Bank of Chambersburg and a member of the state House in 1921-22, was found dead at home yesterday by a brother.

Death was attributed to a heart attack by Dr. Edward A. Haegeler, Cumberland County coroner.

Stewart was found by Dr. Alex Stewart, a Shippensburg physician who went to the bank president's home to investigate after he failed to appear at his brother's home for dinner. Other members of his family were out of town.

President of the Chambersburg bank since 1927, Stewart was a member of the Battle Monument Commission after World War I. The agency was charged with erection of memorials to America's war dead in France.

## GASOLINE - FED FIRE IS PROBED

HARRISBURG (AP)—An investigation was pressed today into the cause of a gasoline-fed fire which leveled more than a dozen buildings on a Harrisburg R. 2 farm, caused an unknown amount of damage and killed a large quantity of livestock.

About 1,000 chickens, 2 pigs and several calves perished over the weekend when flames destroyed a large barn and other smaller buildings on the 280-acre farm of Col. D. H. Mallan, a retired Army officer.

The fire raged out of control within minutes after it started as a half-dozen gasoline drums exploded and fed the flames.

## Toll Collections On Turnpike Fade

HARRISBURG (AP)—Toll collections are running about 25 per cent under expectations on the northeastern extension of the Pennsylvania Turnpike, the toll road commission reports.

"We won't have the exact figures for the first quarter until May 1 but preliminary reports indicate the tolls are running only 75 per cent of estimates," the commission said.

Truck tolls, the agency added, have been much less than anticipated on the extension, currently open to traffic from Plymouth Meeting near Norristown to just north of Allentown. The remaining stretch to north of Scranton is scheduled for completion this year.

## SIGHTSEEING TO OCCUPY 2 RED VISITORS TODAY

By HAL COOPER

LONDON (P)—British attempts to enlist Russia in a Middle East peace plan proceeded on a lower level today as weary Nikolai Bulganin and Nikita Khrushchev braced themselves for more hospitality and sightseeing.

During the day the Soviet Premier and the Communist party chief visit the industrial city of Birmingham, the East Anglian air-

force base at Marham and the House of Commons.

After spending Saturday night at Chequers, Prime Minister Eden's country home, Khrushchev and Bulganin had tea yesterday with Queen Elizabeth II and the Duke of Edinburgh at Windsor Castle. While the Russians balanced their cups, young Prince Charles and Princess Anne were brought in to meet them.

**Lavish With Gifts**

Like a pair of doting uncles, the visitors lavished gifts on the royal family. There was a Russian sable wrap for the Queen and two sleek Russian horses for the duke and Prince Charles. Princess Anne received a little brown bear, which was sent to the London Zoo.

A crowd of visitors gathered to watch as the Soviet leaders were whisked through the great gates of Windsor. Many cheered and the Russians waved happily.

No details of the conversation between the royal family and the Communist visitors were revealed.

While the Soviet bosses devoted today to public appearances, second-string diplomats of the two countries delved further into the Middle East situation and other East-West problems. Sir Ivone Kirkpatrick, permanent head of the Foreign Office, and Andrei

William F. Fitzpatrick, 22, was killed in Cheltenham Twp. near Philadelphia when his car overturned Saturday and crashed into a creek after he apparently fell asleep at the wheel.

Frank Justice, 70, of Smiths Ferry, died Friday night of burns and shock suffered when he fell over an electric stove in his home outside Rochester, Beaver County.

Gromyko, Soviet deputy foreign minister, resumed secret talks at the Foreign Office.

**Pravda's View**

Gromyko reportedly has hinted Russia will back proposals for strengthening the Arab-Israeli armistice advanced by U.N. Secretary General Dag Hammarskjöld during his current Middle East mission.

In Moscow, meanwhile, Pravda asserted that the cause of current unrest in the Middle East is not Soviet intrigue but a U.S.-British struggle for the area's oil.

Also involved in the Russian-British differences are East-West differences on how to achieve disarmament and ways to remove trade, cultural and tourist barriers between Britain and the Soviet Union.

They flew here from Chicago.

A crowd of more than 400 waving, camera-snapping spectators gave the smiling, 33-year-old Margaret and Daniel, 43-year-old New York newspaperman, a greeting and bon voyage as they changed planes at sunlit Miami International Airport.

These new trucks are all-truck engineered to give you all the famous features for low cost operation and maintenance that have made INTERNATIONALS first choice of heavy-duty truck buyers for 24 straight years.

These new COE models offer maximum service accessibility, extra comfort and handling ease, great new visibility and safety—every newest time and money-saving feature.

You'll save money, make money with any one of these new INTERNATIONALS on your job. Come in and get complete details.

Newest COE cab design, employing uncomplicated spring counterbalancing mechanism, swings forward for quick and easy servicing of engine and other units. Cab is big and roomy, with low-level 3-way adjustable seat. New COE models have special accessibility features that permit routine engine servicing without raising cab.

## Today In Politics

**By THE ASSOCIATED PRESS**

Adlai Stevenson said last night President Eisenhower misleads the nation in taking a cautiously optimistic view of the present world situation.

On the contrary, Stevenson said, "baffled and uncertain" leadership has left the country's foreign affairs in worse shape than when the Republicans took office three years ago.

And Sen. Estes Kefauver, who is vying with Stevenson for the Democratic nomination and the chance to oppose Eisenhower in November, used a backhanded compliment to criticize the President's Saturday night address.

Eisenhower, besides voicing the optimistic world view, suggested creation of a "rotating advisory board" of private citizens to help advise on foreign affairs.

Kefauver agreed such a board would be a good idea. He added, "There has been a crying need for a long time to use the most able people, regardless of party, in making and administering foreign policy."

**Ignored Democrats**

Up to now, he said, "foreign policy has been handled on a partisan basis in this administration."

Eisenhower's speech to the American Society of Newspaper Editors steered clear of attacks on the Democrats, although he formally opened his campaign last week.

He told the editors they must

help keep Americans informed on the cold war struggle without "demagoguery and partisanship" and called on Russian leaders to prove by concrete acts their peaceful intentions and desires for better relations with the free world.

Stevenson took issue with Eisenhower in a television appearance. It may be true, he said, that danger of a shooting war has diminished, but we could lose the contest with the Soviets without the Reds "firing a shot."

**Accuses Dulles**

He said Secretary of State Dulles has "misinformed" the American people several times on world conditions.

Both Kefauver and Stevenson framed replies to similar questions on their Washington visits. Kefauver, flying in from a campaign visit in Oregon, said he saw "no particular good" in holding further H-bomb tests. Stevenson on Saturday had proposed a halt to U.S. H-bomb tests to demonstrate this country's desire for peace.

On the Republican side, Secretary of Agriculture Benson said in a television interview that Eisenhower's veto of the farm bill last week has "enhanced" the prestige of the party. "The American people generally admire" President for the act, Benson said.

**"Inactive Candidate"**

Another possible Democratic presidential nominee, Gov. Aver-

## 1,000 At Grade School Musical

Approximately 1,000 persons gathered in the Gettysburg High School auditorium Friday evening for a musical program by the elementary pupils of the Gettysburg Joint School District under the direction of Mrs. Barbara Strickhouser and Robert Zeigler, vocal and band directors, respectively.

More than 900 pupils took part in the program of vocal and instrumental music with many of the special dances or stage effects. The elementary school band provided selections between the vocal numbers by the various grades. Art work involved was under the supervision of Richard Krick.

Accompanists for the choral work were Mrs. Rebekah Fox, Mrs. Kathryn Pender, Mrs. Anna Stahl and Barclay Collins.

**ALGIERS, Algeria (P) —** More than 30 French planes machine gunned two big rebel bands for two hours Sunday in the Tlemcen area of western Algeria, near the Moroccan frontier, French sources said today.

ell Harriman of New York, again listed himself as an "inactive candidate" for the nomination in a TV appearance.

Harriman termed "absurd" reports that he and his supporters are making campaign contributions to Kefauver in the hope that Stevenson and Kefauver will eliminate each other from the field.
